SUMMARY

Software Engineering student passionate about Artificial Intelligence and Machine Learning, with hands-on experience in NLP, Python, XGBoost, Streamlit, and Tableau. Interested in developing data-driven solutions that solve real-world problems.

SKILLS

Languages: Python, JavaScript

Frameworks & Technologies: Streamlit, XGBoost, Linear Regression, HTML, CSS

Tools: Git, GitHub, VS Code, PyCharm

Machine Learning: NLP, Sentiment Analysis, Data Preprocessing, Feature Engineering

Data & Platforms: MySQL, Tableau, MS Excel

Other: Data Visualization, Agile/Scrum

PROJECTS

Hotel Sentiment Analysis

Apr 2026 – Jun 2026

- Created an **NLP pipeline** that processed a dataset of 500,000+ customer reviews, enabling precise sentiment scoring.
- Trained an **XGBoost model** to classify sentiments (good, average, neutral, worst) with 93% accuracy.
- Developed a **Streamlit dashboard** and used **Tableau** clustering to map feedback trends.

SmartScan Billing Application

Apr 2026 – Jun 2026

- Developed the entire cross-platform UI using **Flutter/Dart** with fully responsive layouts.
- Implemented live barcode scanning for shopkeepers and automated bill calculations.
- Served as Scrum Master across 5 Agile sprint cycles, coordinating task planning and progress tracking in Jira.

Remote-Driven Command Launcher

Dec 2025 – Jan 2026

- Built a Python socket server using **os** and **subprocess** to execute authorized desktop commands remotely.
- Integrated a mobile **SIM module** to translate incoming SMS texts into instant **OS actions**.
- Achieved reliable command execution with response latency under 3 seconds during testing.

EDUCATION

Sindh Madressatul Islam University (SMIU)

Karachi, Pakistan

Bachelor of Engineering in Software Engineering

2023 – Present

- CGPA: **3.63**

The Pinnacle College

Karachi, Pakistan

Intermediate in Pre-Engineering

2021 – 2023

- Percentage: **76.82%**

The Pinnacle Academy

Karachi, Pakistan

Matriculation in General Science

2019 – 2021

- Percentage: **78%**

EXPERIENCE

The Pinnacle College

Karachi, Pakistan

Computer Science Lecturer / Instructor

2024-Present

- **Programming Instruction:** Delivered lectures and hands-on laboratory sessions covering C programming, database fundamentals, data communication, networking, digital logic, and number systems.
- **Mentorship:** Designed practical lab tasks, theory exams, and quizzes to evaluate student progress and improve their technical problem-solving skills.
- **Student Success:** Mentored 150+ CS students at The Pinnacle College, achieving a 90%+ board exam pass rate.

ACHIEVEMENTS

- **Machine Learning Achievement:** Developed an NLP-based sentiment analysis system using XGBoost, achieving 93% classification accuracy.
- **Professional Certification:** Certified in CompTIA Security+ (Alison), demonstrating foundational understanding of security concepts.
- **Data Analysis Experience:** Built data visualization dashboards using Streamlit and Tableau to analyze customer feedback trends.
- **Student Leadership:** Served as Male Secretary of the Art Society at SMIU and hosted Microsoft Learn Student Club (MLSC) events, demonstrating communication and event management skills.
- **Professional Balance:** Maintained a CGPA of 3.63 while pursuing Software Engineering at SMIU and 3+ years in teaching
